

Ju-Mee Ryoo, Ph.D.

Contact information	Atmospheric Science Branch, NASA Ames Research Center, Moffett Field, CA 94035 Email: ju-mee.ryoo@nasa.gov Website: https://earthscience.arc.nasa.gov/person/Ju-Mee_Ryoo
Education	Johns Hopkins University, USA Ph.D. in Earth and Planetary Sciences (advisor: Prof. Darryn W. Waugh) M.A. in Earth and Planetary Sciences Yonsei University, South Korea M.S. in Atmospheric Sciences B.S. in Mathematics, Atmospheric Sciences (double major)
Work experience	NASA Ames Research Center -Alpha Jet Atmospheric eXperiment (AJAX), PI: Dr. Laura Iraci (Sept 2014-present) -Met Support team for ORACLES PIs: Lennard Pfister, Rei Ueyama (Jan 2017 - present) San Jose State University Research Scientist (part-time) PI: Prof. Sen Chiao (Jan 2017 - present) University of California, Berkeley , PI: Prof. Inez Fung (2012-Aug 2014) California Institute of Technology, Jet Propulsion Laboratory , PIs: Dr. Duane Waliser and Dr. Eric Fetzer (Aug 2009 -2011)
Research Interest	<ul style="list-style-type: none">• Atmospheric dynamics and modeling - Understanding of the extreme weather (e.g. Atmospheric Rivers) events using models and remote sensing - Climate variability, large-scale climate dynamics and hydrological cycle (e.g. ENSO) - Source of atmospheric moisture and water vapor/trace gas transport mechanism• Atmospheric composition - Urban outflow of CO₂ and CH₄, and its impact on the human health and air quality - Investigation of Transpacific ozone/aerosol transport using models and measurements
Research & Teaching experience	Research Assistant Johns Hopkins University (2005-2009) Working on NASA-NSF project (Advisor: Prof. Darryn W. Waugh) Research Assistant Yonsei University (2001- 2003) National Research Laboratory of Mesoscale Dynamics (Advisor: Prof. Hye-Yeong Chun) Teaching Assistant Yonsei University (2001) Teaching assistant on C+ computer language programming Other Activities <ul style="list-style-type: none">• West Baltimore Elementary School Science subject (Kids Grow) tutoring Volunteer, Baltimore, MD (2006-2007)• Participating in the <i>Intense Rain Observation Program during Jang-ma</i> (hurricane in Asia) held in Haenam and Heuksando: Performing Direct Rawinsonde Observation (e.g. wind, temperature, etc.) with other researchers from Meteorological Research Institute, Heuksando, South Korea (July 2002)

Awards & Honors

Best poster award at the Chapman conference (titled as 'Atmospheric water vapor and its role on the climate') in convection session (2008)
 NASA-NSF Research Project (2005-2009)
Johns Hopkins University, Gillman Fellowship (2004-2005)
BK 21(Brain Korea 21 Century) Scholarship (2002)
Honor student Scholarship provided by the Astronomy and Atmospheric Sciences Alumni Association (1999-2000)

Published & on-going Journal Publications
